DECREE 2

Article 1

This Decision amends part of the title of the journal ECONOMICS (a journal published by the Institute), by removing the segment “Economic Theory and Analysis” from the title. The full title of the journal shall hereafter be: “ECONOMICS – Innovative and Economics Research Journal”.

Explanation

Taking into account the suggestions of the evaluators of the Scopus Index Centre, according to which the aforementioned part of the journal title is already widely used by a large number of economics journals worldwide, it was recommended to adopt a more contemporary and distinctive title that would more adequately reflect its scientific orientation.

Based on the analysis of the current situation and consideration of the modern needs of economic science, as well as science in general, the Board unanimously adopted the decision to introduce a new, more comprehensive journal title: “ECONOMICS – Innovative and Economics Research Journal”.

The journal retains the same ISSN and E-ISSN numbers, in accordance with the recommendations of the University Library of Bosnia and Herzegovina, for which an official confirmation has been provided via email.

Article 2

This Decision shall enter into force on the date of its adoption.
